

**Welcome to
Memphis
Soaring!**

COVID—19 POLICY

THE FOLLOWING LAYS OUT HOW WE ARE REACTING TO THE CURRENT COVID THREAT.

- Please visit the clubhouse and take or have your temperature taken and, if it exceeds 100.3F, you are asked to leave.
- Please do not be on club property if you are experiencing COVID symptoms including chills, repeated shaking with chills, muscle pain, headache, sore throat, and new loss of taste or smell,
- The wearing of a mask/face covering is suggested but not required.
- Practice social distancing that is appropriate for you individually. Departing the airport if not agreeing with how others are doing so may be your best option if disagreeing with others actions.
- There are materials available for sanitizing surfaces in the clubhouse and gliders. Ask if you cannot locate them.
- The latest is that clean hands and limited time in the immediate vicinity of others is best practice. Materials are available in the clubhouse for hand washing.
- If taking a demo flight you can ask that your pilot wear a mask if you desire.
